

Are you an Adolescent Pregnancy Prevention,
or APP, grantee

receiving funding from the Family
and Youth Services Bureau?

Do you want to take your teen
pregnancy prevention efforts

to the next level,
but unsure of where to start?

The Exchange is the place for you.

The Exchange includes information
about the APP program,

as well as ways to access
support, resources and upcoming events.

The website also offers
an interactive blog, comment wall,

and a tool that allows you
to customize promotional materials.

Have a question about human trafficking?

Want to hear about ways
to enhance programming?

On our resources tab
within the main navigation,

you can find a gallery of our resources,

recent episodes of the Elevate Youth
Programing podcast, and resources

for professionals, parents,
and caregivers.

Within our Resource Gallery,

you can find what you need quickly
by using our topic and format filters.

For example,
you can filter by “healthy life skills”

and “webinar” to find a recording
from a webinar on the topic.

As APP grantees, you look at teens'
health holistically -

their relationships, mental
health, substance use,

and physical health.

With our event calendar, you will find
upcoming events on these topics and more.

You'll find the dates for in-person
trainings, webinars, and conferences

offered to APP grantees,
and how to get your program involved.

Each type of event has a uniquely colored
background, which helps to differentiate

between events.

You can also manually filter
for specific event types.

Want to create your own infographics,
social media posts, and tip sheets on teen

pregnancy prevention and other adolescent
health topics, but don't have time?

The Studio tool is your answer.

With the Studio,

you can add your organization's logo
to materials that have already been

fact checked and approved by the Family
and Youth Services Bureau.

Within minutes, you'll be able to download and share personalized

materials to help increase the visibility and impact of your program.

The Grantee Help Center offers

centralized support as you implement APP programs within your community.

Helpful links and critical dates relating to your grant can be found

on the left hand side of the page.

Want to learn more about your funding stream?

Access your Grant Administration Guidance, Notice of Funding

Opportunities, and more through the Grantee Foundational Documents.

You can also quickly search for resources on a specific topic.

Do you have a question about technical assistance,

site monitoring visits, or how to get an account on the Exchange?

Visit the Frequently Asked Questions section to get answers to these questions, and more.

We know you're actively focused on helping youth

avoid obstacles to success and prepare them for bright futures.

Don't waste time searching the web for resources.

Visit the Exchange,
your one stop shop for content

and features
designed to enhance your APP program.
