# Breakout Room Discussion Guide

1. Discuss how strengthening individual psychological self-sufficiency interplays with decision making on other risk behaviors and increases the personal agency needed to resist, avoid, and ask for help regarding the sexual coercion and dating violence. Share how you address consent in the context of risk.
2. Share your best stories of how the SRAE message has transformed lives, strengthened families, and increased hope and resiliency in the youth you serve.

# SHARE OUT

Spokesperson from each group will share highlights from the small group discussion
